MINISTRY OF COMMERCE

Import Trade Control
New Delhi, the 19th June 1950.

SUBJECT:- Interpretation of the term date of shipment in case of imports from countries which have no port.

No.36-ITC(P.N.)/50. — It has been decided that in the case of imports from countries like Czechoslovakia, Switzerland, which are surrounded on all sides by other countries and have no port of their own, by other countries and have no port of their own, the term 'period or date of shipment' mentioned in an import licence or Open General Licence, when applying to imports from such countries shall be deemed to be the date of actual despatch of goods by railway or road transport or river boat from the country concerned to a consignee in India on through consignment.

2. 'Despatch on through consignment to India means "Despatch of goods in such circumstances that both in the intention of the consigner, and in fact, they have been despatched on the first stage of a journey to a definite consignee in India, the journey to be one accomplished without the consignment being divided, added to, repacked or unnecessarily delayed at any point enroute to India".

3. Proof of despatch on throughconsignment to India should be established by documentary evidence. A through bill of lading, or a railway bill of lading and ocean bill of lading tallying in all material particulars and not disclosing any unnecessary delay at the break in the journey, will normally constitute sufficient evidence of through consignment. The Customs Authorities may, however, accept other kinds of documentary evidence of through consignment, in their discretion, and may if necessary call for the production of documents of a particular nature in that behalf if they so desire.

R.J. PRINGLE, Joint Secy.
